TECHNICAL SPECIFICATION

RUBEBAT RBMGCC

DESCRIPTION

Aqueous dispersion of Calcium and Magnesium stearate with moisturizers, antioxidants, foam agents and corrosion inhibitors.

Its fine particles produce a non-stick and non-compacting effect. The product also has lubricant and water-repellent properties.

CHARACTERISTICS

Characteristic	Unit	Specification	Value
Dry material	%	26.0-32.0	29.8
pH (5%)		8.00-10.00	9.03

STORAGE

It is recommended to use this product within the 12 months after its production date (in normal storage conditions: inside storage, $T^{\circ} < 25^{\circ}\text{C}$,...)

OTHER INFORMATION

For more information, ask for the Material Safety Data Sheet. Check the label of the packaging.

The information of this specification is based in our knowledge. It exclusively refers to the indicated product and it does not mean any guarantee of its particular conditions. The user must be sure of the suitability and accuracy of this information related to the specific use of the product.
